EXTEND SHORTCODES WORDPRESS PLUGIN

Installation

You can install it directly from your wordpress administrator: Within the plugins section select "new plugin". Then select the option "upload" to upload the plugin.

Another way to install it is to unzip the zip file and upload the resulting folder to the wp-content/plugins/ folder on your wordpress.

Once installed the plugin remember you have to activate it to use it.

Use shortcodes

After activating the plugin, the button "Shortcodes" is displayed when editing a page or post.
